 What are these?

Linden Sweden's twixit! Seal & Pour.

Linden Sweden, Inc. has introduced the twixit! Seal & Pour, a new generation of the twixit! Bag Clip. The Seal & Pour is designed for bagged foods like its predecessor and allows consumers to close and keep contents fresh.

Additionally, the twixit! Seal & Pour also features a pour spout with lid to allow contents to be poured and resealed. The twixit! Seal & Pour is reusable and works on plastic or paper bags, the company noted. It is also freezer, dishwasher and microwave safe and comes in three colors: red, white and lime.

The twixit! Seal & Pour is made in Sweden. Suggested retail is \$5.
